There will be the opportunity at the booth to surf in Helsinn's Aloxi® website and view important interviews to leading Opinion Leaders.

In this edition of ASCO, Helsinn has decided also to dedicate a small part of its booth to the Group's pipeline of products so that the visitors can have a general overview of Helsinn's business activities and ask for information on these specific products.

There will be 2 Helsinn posters at the "Patient and Survivor Care" session in the General Poster Session on Saturday 3rd June, 2pm – 6pm.

This prestigious event will most certainly be the occasion for Helsinn to acquire new contacts, and disclose the latest data on Aloxi® and Gelclair®.
